Learning Standard 1: Personal Identity

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies aspects of personality and values with limited clarity and relevance.	Describes aspects of personality and values and makes some connections to self-understanding.	Explains influences of personality and values with clarity and relevance to self-understanding.	Evaluates how personality and values influence identity, offering insightful connections to self-understanding.

Learning Standard 2: Goal Setting and Planning

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
States personal goals in a general way and outlines limited steps toward them.	Describes personal goals and provides some appropriate steps for growth.	Explains personal goals clearly and develops purposeful, realistic steps toward growth.	Justifies personal goals and thoroughly evaluates steps, demonstrating forward-thinking planning for growth.

Learning Standard 3: Self-Management

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies basic strategies for time, stress, or responsibility management with limited application.	Describes and applies some strategies for managing time, stress, and responsibilities with partial effectiveness.	Explains and consistently applies strategies for managing time, stress, and responsibilities effectively.	Evaluates and adapts strategies for time, stress, and responsibility management to achieve balance and success across contexts.

Learning Standard 4: Communication and Relationships

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies basic communication skills and demonstrates them in limited contexts.	Describes and applies communication skills in some contexts, showing developing ability to build relationships.	Explains and demonstrates effective communication skills that support healthy relationships across contexts.	Evaluates and adapts communication skills with insight, fostering growth and healthy relationships in diverse contexts.

Learning Standard 5: Critical Awareness and Reflection

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies personal choices or behaviours in limited contexts with minimal reflection on outcomes.	Describes personal choices and behaviours in some contexts and reflects on basic strategies for responsible decision-making.	Explains personal choices and behaviours across contexts and reflects on effective strategies for responsible and ethical decision-making.	Analyzes and evaluates choices and behaviours across contexts, justifying strategies that promote safe, responsible, and ethical decision-making.

Career Life Education (Grade 10)

Learning Standard 1: Examine

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some skills, values, or digital impacts with limited clarity.	Describes skills, values, and digital impacts with some relevant connections.	Explains skills, values, and digital impacts with clear and relevant connections.	Evaluates skills, values, and digital impacts with insight, justifying their influence on personal and public choices.

Learning Standard 2: Self-Reflection & Goals

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies basic strengths, weaknesses, or goals with limited clarity.	Describes strengths, weaknesses, and goals and sets general growth targets.	Explains strengths, weaknesses, and goals clearly, setting and adjusting SMART goals for growth.	Evaluates strengths, weaknesses, and goals with depth, thoroughly justifying and adapting SMART goals for sustained growth.

Learning Standard 3: Initiate

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies future interests and outlines limited planning.	Describes future interests and provides some strategies for planning or job-seeking.	Explains future plans and develops strategies to seek jobs aligning with skills, passions, and eligibility.	Evaluates future plans and thoroughly justifies strategies for aligning jobs with skills, passions, and eligibility.

Learning Standard 4: Interact

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies personal qualities and shares them in limited ways.	Describes and communicates personal qualities with some effectiveness through media.	Explains and communicates personal qualities effectively across appropriate media.	Evaluates and adapts communication to highlight personal qualities insightfully and persuasively across multiple media.

Learning Standard 5: Experience

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some career-life challenges or opportunities with limited clarity and suggests basic strategies.	Describes career-life challenges and opportunities and applies some strategies with partial effectiveness.	Explains career-life challenges and opportunities clearly and applies effective strategies to manage responsibilities and support development.	Evaluates career-life challenges and opportunities with insight and thoroughly justifies and adapts strategies to support sustained personal and career-life development.

Career Life Connections (Grade 11)

Learning Standard 1: Personal Awareness

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some personal skills, values, or strengths with limited clarity or relevance.	Describes personal skills, values, and strengths with some relevance to possible career pathways.	Explains personal skills, values, and strengths with clarity and relevance to career pathways.	Evaluates personal skills, values, and strengths with insight, justifying their relevance to career pathways.

Learning Standard 2: Decision-Making Factors

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some internal or external factors with limited connection to decision-making.	Describes internal and external factors and makes some connections to decision-making.	Explains internal and external factors clearly and connects them to post-graduation planning.	Evaluates internal and external factors with depth, justifying their influence on post-graduation planning.

Learning Standard 3: Self-Advocacy

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Creates a limited profile with minimal awareness of audience or purpose.	Describes and develops a profile with some attention to audience and purpose.	Explains and develops a profile clearly, critiquing effectiveness for self-advocacy.	Evaluates and adapts profiles with insight, demonstrating strong self-advocacy and alignment with career opportunities.

Learning Standard 4: Interact

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies basic communication behaviours with limited demonstration of respect or inclusivity.	Describes and applies communication behaviours with some demonstration of respect and inclusivity.	Explains and demonstrates communication behaviours consistently with respect and inclusivity.	Evaluates and adapts communication behaviours with insight, modeling professionalism across contexts.

Learning Standard 5: Experience

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some post-secondary options with limited consideration of implications.	Describes post-secondary options with some consideration of personal, educational, or financial implications.	Explains post-secondary options clearly, considering personal, educational, and financial implications.	Evaluates post-secondary options with depth, justifying choices through thorough analysis of personal, educational, and financial implications.

Learning Standard 1: Proposal & Planning

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Capstone proposal identifies limited goals with minimal clarity and little evidence of planning.	Capstone proposal describes partially articulated goals in a basic, somewhat relevant plan.	Capstone proposal explains clear and purposeful goals that are articulated in a realistic, well-developed plan.	Capstone proposal has clearly articulated, sustained goals that are evaluated with depth and thoroughly justified in a well-articulated plan.

Learning Standard 2: Implementation and Development

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Implementation demonstrates limited actions with minimal follow-through and little evidence of responding to feedback.	Implementation demonstrates some actions with partial follow-through and basic adjustments based on feedback.	Implementation demonstrates clear and purposeful actions with consistent follow-through and meaningful adjustments based on feedback.	Implementation demonstrates clearly articulated, sustained actions that are evaluated with depth and thoroughly refined through thoughtful, ongoing response to feedback.

Learning Standard 3: Refining

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies mentor input with limited evidence of application.	Describes mentor input and applies some feedback to Capstone development.	Explains mentor input and consistently applies feedback to strengthen Capstone development.	Evaluates mentor input critically and adapts Capstone work with insight, demonstrating advanced skill development.

Learning Standard 4: Reflecting

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Identifies some aspects of learning or growth, demonstrating limited reflections on RCS graduate profile and Core Competencies.	Describes learning and growth, demonstrating some reflections on RCS graduate profile and Core Competencies.	Explains learning and growth, demonstrating clear and substantial reflection on RCS graduate profile and Core Competencies.	Evaluates learning and growth with depth, demonstrating significant reflection on RCS graduate profile and Core Competencies.

Learning Standard 5: Sharing

Emerging/Emerging+	Developing/Developing+	Proficient/Proficient+	Extending/Extending+
Shares Capstone learning in a limited way with minimal clarity or audience awareness.	Describes Capstone learning and personal growth with some attention to clarity and audience.	Explains Capstone learning and personal growth clearly and appropriately for an audience.	Evaluates and adapts presentation of Capstone learning and growth with sophistication, engaging an audience and showcasing strong readiness for post-graduation pathways.
